*Note: This template is not the only format for speeches. Delegates can use this template

as a reference and combine it with their country's position and their own words and style preferences to prepare their own speech.

Example: Speech by the United Kingdom in the United Nations Environment Programme

Honorable Chair, esteemed delegates, thank you for giving the United Kingdom the opportunity to speak today. (Opening Greeting)

The United Kingdom believes that climate change is one of the major challenges facing the international community today. (Position Statement)

Currently, global temperatures are rising and extreme weather events are becoming more frequent, posing a severe threat to ecosystems and human life. This situation has had a serious impact on the global ecological environment and economic development. (Problem Description)

To address this challenge, the United Kingdom proposes the following suggestions: First, strengthen international cooperation to promote the research and application of green technologies. Second, provide financial support to help developing countries cope with climate change. Third, promote public awareness and education to increase environmental consciousness among all people. (Suggestions and Action Plan)

The United Kingdom calls on all nations to work together to address the issue of climate change. Only through international cooperation can we achieve lasting solutions. (Call for Cooperation)

Thank you, esteemed delegates. The United Kingdom looks forward to further consultations with all representatives to reach a consensus. (Conclusion)
